1. [REDACTED] has been the representative of the Director of Logistics assigned to the staff of the SSA-DD/S for the period January - June 1956. During that period, representatives of this Division have had innumerable occasions to call upon [REDACTED] for assistance, advice, and counsel. The responsiveness of [REDACTED] to the requests levied on him and the high degree of intelligent and sympathetic support and assistance rendered by him have been of such a calibre to warrant our calling the matter to your attention.

2. It is the considered opinion of EE Division that Col. [REDACTED] most admirably accomplished the responsibilities assigned to him and in the most efficient manner possible struck the desirable balance which is so essential in an administrative person serving in direct support of operations. His display of initiative, insight into the inherent difficult administrative problems of a clandestine organization, and his desire to render intelligent service has been of the highest order.

3. Upon the occasion of his leaving the staff of the SSA-DD/S, we would like you to know he possesses our full respect and we offer to him every good wish for the future of his career with the US Air Force.
